

27 March 2020

Hello fellow BSA clubs around the world.

With the strange situation of COVID-19, people have been asking if the BSA International rally in the Czech Republic is still going ahead.

Below is a statement from one of the rally organisers Jan Adamec

Keep safe

Andy Lorenz

BSAOC International Rally Secretary

Dear all,

the 57th. International. BSA rally 2020 in Czech Republic is still in play, even if the actual situation is difficult because of corona virus and the borders are closed.

September 2020 is still away and till then the situation should be normalised.

We will decide max. till the summer holidays, if the event take place or not.

But according to actual development of situation we hope, that the event will take place in planned term.

Very important will be the information, how long the borders stay closed. If something new occur, we will keep you informed.

Thank you and stay healthy and happy.

Best regards

Jan Adamec
